Dear

Re: Your requests for access to information under *The Freedom of Information and Protection of Privacy Act*: City of Winnipeg - Request Nos. 16 05 422 and 16 05 423; File Nos. 27280 and 27279

On May 5, 2016, the City of Winnipeg received your requests for access to the following records:

A list of names and breeds of cats registered in the City of Winnipeg during the 2015-2016 registration year. In the list please indicate the name of the cat, the breed and when the animal was registered.

A list of names and breeds of dogs registered in the City of Winnipeg during the 2015-2016 registration year. In the list please indicate the name of the dog, the breed and when the animal was registered.

I am pleased to inform you that your request for access to this information has been granted, and is provided in an Excel database saved on the enclosed flash drive.

Note that, should a name of an animal be missing from the database, it is because one has not been provided at the time of registration; the data spans the time frame of January 2015 to May 31, 2016; and, should an asterisk be found beside the name of a dog, it means that the dog was adopted and the adopter did not update the dog's name in the system.

2016, ANNÉE DE LA RÉCONCILIATION
